ECLIPSE OF SUN IS

WITNESSED BY MANY

Smoked glasses were popular in Rock Island this morning as hundreds viewed a partial eclipse of the sun.

Owing to the glare of Old Sol the darkened spot could only be seen with dimmed glasses.

An astronomer's note on the eclipse is as follows: "A total eclipse of the sun, Feb. 2, is visible as a partial eclipse in the United States, Mexico and Central America. The path of the central or total eclipse begins in the Pacific ocean, moves eastward, crosses the north portion of Colombia, north of Caracas, over the island of Guadalupe, passes northwest of the Azores, and ends at sunset in the Atlantic ocean south of Ireland. The most favorable places for observing the total eclipse are in the islands of Guadalupe and Desroches, where the duration of totality is nearly two and one-half minutes."

NEW LAW FIRM TO SUCCEED OLD ONE

William Jackson Parts With Long Association—Other Members Form Partnership.

A new law partnership was formed yesterday under the name of Stafford, Schoede & Stafford. The firm will occupy the quarters in the Robinson building at Second avenue and Eighteenth street, formerly occupied by the firm of Jackson, Hurst & Stafford, which partnership was terminated July 21, last, by the passing of Mr. Hurst.

With the withdrawal of Hon. William Jackson from the office he has long occupied in the Robinson building on Second avenue and Eighteenth street, the oldest law firm in the city ceases to be. Mr. Jackson has continued his office in the old suite since Mr. Hurst's death, until now. The change does not mean Mr. Jackson's retirement from the practice of law after more than half a century at the Rock Island county bar, before which he stands today as the oldest member. He will still follow his beloved profession which he has adorned, and after a short sojourn in California, will return and reestablish an office.

The law firm of Stafford, Schoede & Stafford is composed of John T. and Elmore H. Stafford, nephews of the late E. W. Hurst, and members of the old firm, and Edward W. Schoede, for several years connected with the law department of the former firm.

VIERICH IS ASKING \$25,000 DAMAGES

Moline Resident Sues Tri-City Railway Because of Accident On Fifth Avenue.

Declaration in a \$25,000 damage suit against the Tri-City Railway company has been filed in the city court of Moline by Henry F. Vierich, through his attorney, C. E. Dietz. Action is based on an accident which occurred Nov. 3, 1915, on Fifth avenue, near the intersection of Twenty-fourth street, Rock Island, when a car of the defendant company, driven carelessly, it is alleged, struck with great force an automobile which was owned and driven by Mr. Vierich. The bill states that Mr. Vierich was exercising due care and diligence in handling the auto.

As result of the collision, it is alleged that the plaintiff was greatly bruised, hurt, wounded about his body, back, head, shoulders, and arms and that divers bones of his body were broken, that he became sick, sore, lame and disordered and that he will be the remainder of his life; that he suffers great pain, which hinders and prevents him from transacting his affairs and attending to his business.

The plaintiff, it is set forth, spent the sum of \$1,000 in an effort to cure his injuries and he also alleges that the automobile which was smashed and rendered unfit for further use represents a loss of \$2,000.

Mr. Vierich was confined in the hospital for a number of weeks after accident and for a time it was thought that his injuries would prove fatal.

Do Something For Your Piles

You Can Be Cured Just as Mr. Bolton Was On a No Cure No Pay Proposition.

W. A. Bolton of Matherville, Ill., was cured of a bad case of Piles by Drs. Kinsey & Allgover's Painless Absorbent method and writes the following in regard to his case: "I had the bleeding and protruding piles for 17 years. At times they were so bad I could not work. They made me constipated, my bowels filled with gas and had attacks of belching from the stomach. Your treatment has cured me. I feel a hundred percent better than I did. I worked every day while being cured and your treatment was mild and painless. You are at liberty to refer anybody to me in regard to your method.—W. A. Bolton."

BULLET WOUND IS FATAL FOR BOLES

MURDER IS FIRST SUSPECTED

Suicide Theory is Now Accepted, However, But Further Facts Will Be Sought by Coroner Meyer.

The injury which is thought to have been inflicted by his own hand proved fatal for George Boles, who passed away at 5 this morning in the Moline city hospital. He was found at 10:30 yesterday morning in his shanty in Highland addition, Moline, a bullet lodged in the center of his brain, lying on the floor of the cold house, unconscious, with both feet and a hand frozen. Boles, whose age is given as 65, never recovered consciousness and it was impossible to remove the bullet from the brain. A postmortem examination was to have been conducted by the coroner late this afternoon.

It is thought that Boles' act of self-destruction was result of discouragement caused by his poverty. He is said to have endeavored to get food and coal from the overseer of the poor in Moline Tuesday evening. His family relations were not of the happiest, his wife being divorced from him and married again. He had two sons who lived with him occasionally.

Found By Neighbor.
It was a neighbor who first discovered Boles lying unconscious on the floor of a shanty which served him as a home. The old man was removed to a neighbor's house and was from there hurried to the city hospital. Dr. H. A. Beam examined the bullet wound and found the case hopeless.

After Earl Boles, East Moline, son of the man, and Mrs. Rose Salisbury, police matron, had witnessed at the inquest, which commenced at 11 o'clock this morning, taking of evidence was postponed until 3 this afternoon. The jury instructed Coroner Meyer and Dr. H. A. Beam, county physician, to conduct an autopsy in the meantime and locate the bullet. This was commenced shortly after 12.

Not in Want, Son Says.
Boles' son testified that when he was last at his father's place the man had plenty of food and fuel in the house, and was not in want of the best of his knowledge, at that time. Twenty bushels of coal was in the place when he was last there, according to the evidence. Mrs. Salisbury's testimony was to the effect that the man had visited her the day before the shooting, asking for aid.

CRUELTY IS ALLEGED IN DIVORCE ACTION
Alleging extreme and repeated cruelty, Mrs. Dora D. Meador of this city has filed suit for divorce against her husband, Thomas C. Meador. Connelly and Connelly and W. M. Walker appear for the plaintiff. Couple was married Feb. 21, 1906, Jackson, Mich., and lived together until Sept. 20, 1915. Bill states that defendant is in saloon business, that his monthly income is about \$200 and the liquors and fixtures at his place of business are valued at \$1,500.

Injunction to prevent defendant from molesting Mrs. Meador or disposing of his property is asked. Custody of 14-year-old boy is sought.

RUPTURE EXPERT HERE
Seeley, Patronized by U. S. Army and Navy, Called to Rock Island.
F. H. Seeley of Chicago and Philadelphia, the noted truss expert, will be at the Harper house and will remain in Rock Island Saturday only, Feb. 5. Mr. Seeley says: "The Spermatic Shield as now used and approved by the United States government will not only retain any case of rupture perfectly, affording immediate and complete relief, but closes the opening in 10 days on the average case. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Mr. Seeley has documents from the United States government, Washington, D. C., for inspection. All charity cases without charge, or if any interested call he will be glad to show same without charge or if them if desired. Business demands prevent stopping at any other place in this section.—(Adv.)"

Japanese woolen mills have accepted a war order for 2,000,000 yards of woolen cloth for the Russian government for delivery beginning next month and continuing until July. The order amounts to 6,000,000 yen or about \$2,000,000. It is understood that the Japanese companies have agreed to accept Russian treasury bills in payment, a Japanese banking corporation having promised to discount the bills.

RULER PERSIAN PRINCIPALITY LEADS

Sultan Kutchali.

The Sultan Kutchali, who rules a little Persian principality around Lake Urumiah, fought the Russians when they invaded his little domain and with the aid of the Turks drove out the Cossacks. He immediately launched an attack against the Christian Armenians and Syrians and is reported to have massacred 80 of them. The Russians again advanced and the warlike sultan is at the head of his tribesmen trying to repel the foe.

GARBAGE HAULING IS DISCONTINUED

Commissioner Liedtke Temporarily Ends Free Service But It Will Be Resumed April 1.

EXTENDED LONGER THAN USUAL

In Recent Years Municipality Stopped Handling Refuse on Dec. 1, Official Declares.

The city of Rock Island today temporarily ceased hauling garbage free. The service, however, will be resumed April 1. Commissioner Liedtke said:

"In recent years the free garbage hauling service provided by the city for the benefit of the people has been discontinued on Dec. 1 and resumed on April 1. I have extended the service two months longer and would like to have continued it uninterrupted, but I find that I will be unable to do so because of lack of funds. I don't want to run my department into debt and I want to pay all bills.

"Stopping the garbage hauling for two months will not work a hardship on any. L. D. Powells, who has been hauling for the city, will continue to make the rounds, but will charge for his service. There are not many who have garbage for the wagon in winter time because they burn the refuse in their furnaces or stoves and it is an expense for the city to carry on the work for only a few.

To Haul to Incinerator.
When the city resumes the service in the spring garbage will be hauled to the new incinerator near the water pumping station at the foot of Twenty-fourth street. We will have the same number of wagons in operation as we had last year and will take care of the refuse in all parts of the city.

"The people who have availed themselves of the opportunity given this winter in the free service have appreciated the favor in extending the time two months and for the coming two months those who have the refuse hauled the entire year will not be placed to a great expense in having the matter attended to by a private individual."

MAN ACCUSED OF FORGERY NABBED

Charles McKenzie, Residing at 1525 Fourth Avenue, Arrested and Taken to Davenport.

Rock Island police today arrested a man accused of having passed several bogus checks in Davenport. He was nabbed here following an unsuccessful attempt to present an order to H. Roth at the Fair Store, 325 Seventh street.

Accused is Charles McKenzie, alias Charles McKenzel. He resides at 1525 Fourth avenue, Rock Island. John Paulsen, a director of the North Harrison Street Trust & Savings bank, Davenport, identified McKenzie at the police station here following his arrest. McKenzie will be taken to Davenport to face the charge of forgery.

Paulsen declared McKenzie presented a check for \$10 at the bank Monday. He said it was made out on a Harrison Street stub, drawn on A. L. Mullinix, and payable to Albert Moffitt. Paulsen declared that other checks drawn on the bank and alleged to be forged will be traced to McKenzie. Officer Ginnane arrested McKenzie.
